

MODERN NIGHTLIFE.
TIMELESS STYLE.
LANDMARK LOCATION.
LIQUID ELEGANCE.

VESSEL

Take pleasure seriously.
- Charles Eames

Vessel, a modern and elegant Seattle bar, practices the fine arts of expertly crafting and graciously serving superb cocktails and spirits. This downtown landmark epitomizes great design, relaxed refinement and steadfast attention to quality in all areas: atmosphere, beverages, food and service.

Vessel is housed in the historic 1926 Skinner Building located in the center of the city's flourishing financial, cultural and hotel district. Located next door is the 5th Avenue Theatre, one of the country's most celebrated silent picture palaces.

The two-level interior of Vessel is strikingly beautiful with an undeniably modern aesthetic that also incorporates original architectural elements. Notably, Vessel's soaring entryway is bisected by a dramatic acid-yellow glass staircase, and the ceiling is patterned with a hexagonal relief that was once part of the 5th Avenue Theatre's mezzanine lounge. The melding of the old and new in Vessel's design results in an ambiance of both timeless grace and forward vision, anchored in the city's history.

VESSEL

Cocktails and Spirits

Red and white wines

Champagnes

Select beers

Vessel serves an extensive array of spirits, wines and cocktails to discerning customers who savor what they sip. We attend to the details—craftsmanship (double straining, precision pouring), flavor (seasonal fruits and herbs, soda from bottles) and temperature (large ice cubes, double chilling).

Vessel's cocktails pay homage to the classics while adapting them to modern tastes and the wider availability of fresh and exotic ingredients. Each cocktail is designed to showcase the individual characteristics of the base spirit—in generous three-ounce pours—and then is enhanced by hand-made syrups, house bitters, custom foams and subtle tinctures.
