Old Friends

Few things compare with wingshooting on extraordinary terrain, carrying a finely handcrafted gun and sharing this with solid companions. Old Friends Hunting & Shooting Co. offers you this and more.

Old Friends was originally founded by two long-time pals who hunted together for decades. Since then, new partners joined us, creating a group whose knowledge of the sport couldn't be more reliable. Our combined experience spans from Spain to Argentina and New Zealand to Montana, including hundreds of international shotgun competitions. Notably, two Old Friends partners have won World Championships in live pigeon shooting. Now we bring our expertise to you.

CUSTOM TRAVEL

After years of travel to some of the finest shooting locations in the world, Old Friends selected its favorites, and now offers customized travel to exceptional destinations like the wingshooter's paradise, Argentina.

And we're not just committed to good hunting experiences. You'll also be impressed by great service, warm hospitality and the finest food – one of our partners is even a 5-star chef! Customers are treated like old trusted friends. And in our book, friendships and living well are what it's all about.

AGENTS FOR FINE GUNMAKERS

Old Friends is the agent for some of the best gunmakers in the world. These include the full line of shotguns and rifles from renowned manufacturers Perugini & Visini, as well as custom-made shotguns from Cosmi, Luciano Bosis and Elli Rizzini. Our company has two North American sites for clay target shooting – one in Montana just 38 miles north of Yellowstone Park and the other in rural Pennsylvania. At both of these sites you can test-shoot some of the finest guns made. Better yet, by purchasing your gun in Montana you will not be charged sales tax.

OTHER SERVICES

Old Friends carries an expanding line of quality accessories for the active hunter and traveler including leather goods and clothing. We also work with international partners on land development projects related to hunting and non-hunting recreation.
