## fusion

pure precision elements  
forged into one essential vision

**fusion:** studio vincent welcomes you to the premiere of a new series of energizing jewelry designs. stephen has developed an original technique that fuses the stark modernity of stainless steel with the luminous accents of 950 platinum, 18 karat red gold and the finest brilliant-cut diamonds. fusion combines pure minimalism with timeless ease. wearing a ring, pendant, or pair of earrings feels the way personal adornment should – refined, compelling, inspiring.

**fusion 01:** studio vincent will also introduce a new line of watches called fusion 01. these limited edition timepieces are a collaboration with three milan-based designers using the best swiss jewel movements. the fusion 01 watches, unique in their simple elegance, are available by special order in stainless steel, 18 karat gold and 950 platinum.

who

stephen  
sv designers  
select clients

when

thursday, august 19  
five to nine pm  
  
RSVP by august 14 –  
612.332.3646 or  
design@svstudio.com
